SAN DIEGO, June 06, 2022 (GLOBE NEWSWIRE) -- Daré Bioscience, Inc. (NASDAQ: [DARE](#)), a leader in women's health innovation, today announced that Sabrina Martucci Johnson, the company's President and CEO, will participate in a panel discussion and deliver a company presentation during the 2022 BIO International Convention being held from June 13-16, 2022 at the San Diego Convention Center.

- **Primed for Growth: Innovating to Address the Business Opportunity in Building a Women's Health Market**

BIO Session, Monday, June 13, 2022

2:15 to 3:15 pm PT

Details: The women's health market is growing at a compound annual growth rate of 12.5%, [projected to reach](#) \$24.5 billion in 2027. This growth will be fueled by innovation and new partnerships to break down the barriers and address many of the significant unmet medical needs that women face. The panel of leaders will discuss where groundbreaking work is being done today, where real progress is still needed, and how the life sciences ecosystem can address the lack of innovation and build a strong and sustainable market for women's health.

Moderator: Angelica Peebles, Reporter, Bloomberg News

Speakers: Kevin Ali, CEO, Organon

Cathy Friedman, Executive Venture Partner, Google Ventures

Sabrina Martucci Johnson, President and CEO, Daré Bioscience

Delphine O'Rourke, Partner, Goodwin Procter LLP

About Daré Bioscience

Daré Bioscience is a biopharmaceutical company committed to advancing innovative products for women's health. The company's mission is to identify, develop and bring to market a diverse portfolio of differentiated therapies that prioritize women's health and well-being, expand treatment options, and improve outcomes, primarily in the areas of contraception, fertility, and vaginal and sexual health.

Daré's first FDA-approved product, XACIATO™ (clindamycin phosphate vaginal gel, 2%), is a lincosamide antibacterial indicated for the treatment of bacterial vaginosis in female patients 12 years of age and older, which is under a global license agreement with Organon. XACIATO is a clear, colorless, viscous gel, to be administered once intravaginally as a single dose. Daré's portfolio also includes potential first-in-category candidates in clinical development: Ovaprene®, a novel, hormone-free monthly contraceptive whose U.S. commercial rights are under a license agreement with Bayer; Sildenafil Cream, 3.6%, a novel cream formulation of sildenafil to treat female sexual arousal disorder utilizing the active ingredient in Viagra®; and DARE-HRT1, a combination bio-identical estradiol and progesterone intravaginal ring for hormone therapy following menopause.
